

COURSE GUIDE

2022-
2023

Funded training to build your future

SHORT COURSES

CSQ funds 170 short courses to provide workers in the building and construction industry with access to flexible training responses that can help them meet identified skills needs and create safer and healthier workplaces through awareness and training.

BUILDING	CSQ contribution
BUSINESS AND ENVIRONMENTAL SUSTAINABILITY	
Apply building codes and standards to the construction process for large building projects	\$446
Apply structural principles to the construction of large, high rise and complex buildings	\$446
Assess construction faults in large building projects	\$446
Carry out concreting to simple forms	\$339
Carry out measurements and calculations	\$400
Carry out setting out	\$400
Contribute to BIM deliverables for construction work	\$298
Contribute to WHS risk management	\$360
Deliver and monitor a service to customers	\$240
Establish legal and risk management requirements of new business ventures	\$360
Estimate and cost work	\$421
Fabricate and install external flashings	\$177
Identify and minimise environmental hazards	\$135
Identify and produce estimated costs for building and construction projects	\$360
Identify, inspect and test fire and smoke doors	\$236
Identify, inspect and test passive fire and smoke containment products and systems	\$236
Implement erosion and sediment control measures	\$240
Install dry wall passive fire-rated systems	\$400
Manage finances for new business ventures	\$360
Manage processes for complying with legal obligations of a building or construction contractor	\$446
Participate in sustainable work practices	\$240
Plan and organise work	\$400
Plan finances for new business ventures	\$360
Plan to comply with BIM requirements for construction work	\$298
Prepare simple drawings	\$177
Read and interpret plans and specifications (CPCCOM2001)	\$400
Research and develop business plans	\$320
Resolve business disputes	\$227
Select and install roof sheeting and wall cladding	\$177
Select, prepare and administer a construction contract	\$273
Select, procure and store construction materials for building and construction projects	\$383
Use BIM processes to carry out construction work	\$298
Use construction tools and equipment	\$280

SAFETY

Apply WHS requirements, policies and procedures in the construction industry	\$240
Asbestos general awareness training (non-accredited)	\$150
Carry out work-based risk control processes	\$434
Fit testing (quantitative method) (non-accredited)	\$100
Handle construction materials	\$253
Health and safety representative (HSR) - WHSQ approved training course - Initial (5 days)	\$589
Health and safety representative (HSR) refresher course - WHSQ approved training course	\$268
Identify and report asbestos containing materials	\$235
Identify asbestos containing materials and follow safety and reporting procedures	\$235
Install windows and doors	\$400
Introduction to electrical network infrastructure for authorised person	\$409
IRATA level 1 rope access training	\$1,246
IRATA level 2 rope access training	\$1,253
IRATA level 3 rope access training	\$1,284
Legionella management in building water systems	\$288
Operate a boom type elevating work platform	\$326
Prepare to work safely in the construction industry (WHITE CARD)	\$120
Prevent crystalline silica exposure (10830NAT)	\$404
Provide first aid	\$108
Shift materials safely using manual handling methods	\$100
Silica general awareness training	\$152
Use swing stage scaffolds safely (10910NAT)	\$644
Work safely at heights	\$300
Work safely on scaffolding higher than 2 metres	\$300
Work safely with lead painted surfaces in the painting industry	\$135
Working safely with asbestos containing materials (10852NAT)	\$303

HIGH RISK WORK (HRW) LICENSES

Licence to erect, alter and dismantle scaffolding basic level	\$928
Licence to erect, alter and dismantle scaffolding intermediate level	\$1,022
Licence to erect, alter and dismantle scaffolding advanced level	\$985
Licence to operate a boom-type elevating work platform (boom length 11 metres or more)	\$528
Licence to operate a concrete placing boom	\$1,288
Licence to operate a non-slewing mobile crane (greater than 3 tonnes capacity)	\$1,250
Licence to operate a personnel and materials hoist	\$938
Licence to operate a self-erecting tower crane	\$1,781
Licence to operate a slewing mobile crane (up to 20 tonnes)	\$1,418
Licence to operate a slewing mobile crane (up to 60 tonnes)	\$1,402
Licence to operate a slewing mobile crane (up to 100 tonnes)	\$1,610
Licence to operate a slewing mobile crane (over 100 tonnes)	\$1,610
Licence to operate a tower crane	\$1,478
Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)	\$1,159
Licence to perform dogging	\$964
Licence to perform rigging basic level	\$1,249
Licence to perform rigging intermediate level	\$1,307
Licence to perform rigging advanced level	\$1,068
Remove friable asbestos	\$602
Remove non-friable asbestos	\$225
Supervise asbestos removal	\$225

CSQ | STRONGER FUTURES
IN CONSTRUCTION

SHORT COURSES - CONT.

PLUMBING, GAS FITTING AND FIRE PROTECTION	
Carry out WHS requirements	\$240
Commission and maintain backflow prevention devices	\$467
Commission and maintain hot and heated water temperature control devices	\$358
Commission domestic and residential fire suppression sprinkler systems	\$478
Design and size consumer gas installations	\$480
Design and size domestic treatment plant disposal systems	\$374
Design and size heated and cold water services and systems	\$750
Design and size sanitary drainage systems	\$340
Design and size sanitary plumbing systems	\$375
Design and size stormwater drainage systems	\$480
Design residential and domestic fire sprinkler systems	\$480
Evaluate and plan the installation of solar water heating systems (previously 39272QLD)	\$375
Gas test atmospheres	\$202
Install and test medical gas pipeline systems	\$909
Install residential life safety sprinkler system	\$354
Join polyethylene plastic pipelines using butt welding	\$284
Join polyethylene plastic pipelines using electrofusion welding	\$275
Quality assure fire-rated lining systems	\$519
Revalidation course commission and maintain backflow prevention devices (non-accredited)	\$208
Service type A gas appliances	\$750
ELECTRICAL	
Apply currency of safe working practices and compliance verification of electrical installations	\$303
Apply regulations to prevent ozone depleting substance and synthetic greenhouse gas emissions	\$155
Apply work health and safety regulations, codes and practices in the workplace	\$240
Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply	\$242
Attach cords, cables and plugs to electrical equipment for connection to 1000 V.a.c. or 1500 V.d.c. supply	\$262
Carry out basic repairs to renewable energy (RE) apparatus NEW	\$180
Commission fire alarm and detection system interface devices	\$405
Commission large fire protection systems	\$455
Conduct compliance inspection of LV electrical installations with demand exceeding 100 A per phase	\$357
Conduct compliance inspection of single phase LV electrical installations	\$405
Conduct in-service safety testing of electrical cord connected equipment and cord assemblies	\$303
Construction wiring program	\$303
Design battery storage systems for grid-connected photovoltaic systems	\$758
Design effective and efficient lighting for residential and commercial buildings	\$425
Design grid connected photovoltaic power supply systems	\$573
Design stand-alone renewable energy (RE) systems NEW	\$202
Develop compliance policies and plans to conduct an electrical contracting business	\$750
Develop H.V. switching programs	\$366
Disconnect - reconnect electrical equipment connected to low voltage (LV) installation wiring	\$304
Enter and verify programs for fire protection systems	\$455
Inspect and test emergency and exit lighting systems	\$155
Install and maintain cabling for multiple access to telecommunication services	\$610

Install, configure and commission LV grid connected photovoltaic power systems	\$515
Install ELV stand-alone photovoltaic power systems NEW	\$180
Install fire detection and warning system apparatus	\$455
Install, maintain and fault find battery storage systems for grid-connected photovoltaic systems	\$758
Install, maintain and modify customer premises communications cabling: ACMA Open Rule	\$480
Install, maintain and modify customer premises communications cabling: ACMA Restricted Rule	\$480
Install, terminate and certify structured cabling installation	\$480
Install, test and terminate optical fibre cable on customer premises	\$207
Locate and rectify faults in low voltage (LV) electrical equipment using set procedures	\$304
Operate local H.V. switchgear	\$366
Operate local L.V. switchgear	\$372
Perform rescue from a live LV panel	\$69
Perform switching to a switching program	\$366
Provide photometric data for illumination system design	\$425
Repairs basic electronic apparatus faults by replacement of components	\$455
Select effective and efficient light sources and luminaries for given locations and designs	\$425
Solve basic problems in photovoltaic energy apparatus and systems	\$515
Solve problems in stand-alone renewable energy (RE) systems NEW	\$180
Verify compliance and functionality of fire protection system installations	\$455
Working safely in the vicinity of live electrical apparatus as a non-electrical worker	\$270

CIVIL

CSQ contribution

CIVIL

Apply and monitor site waste and by-products management plan	\$405
Apply risk management processes	\$240
Communicate information	\$227
Conduct articulated haul truck operations	\$569
Conduct backhoe/loader operations	\$505
Conduct civil construction dozer operations	\$505
Conduct civil construction excavator operations	\$505
Conduct civil construction grader operations	\$505
Conduct civil construction scraper operations	\$505
Conduct civil construction skid steer loader operations	\$505
Conduct civil construction tracked front end loader operations	\$505
Conduct civil construction wheeled front end loader operations	\$505
Conduct operations with integrated tool carrier	\$500
Conduct rigid haul truck operations	\$569
Conduct roller operations	\$500
Conduct self-propelled compactor operation	\$404
Conduct telescopic materials handler operations	\$540
Conduct water vehicle operations	\$455
Drain and dewater civil construction site	\$227
Implement and maintain environmental management plan	\$500
Load and unload plant	\$266

CIVIL SAFETY

Control traffic with stop-slow bat	\$401
Enter and work in confined spaces	\$300
Identify, locate and protect underground services	\$227
Implement traffic management plans	\$242
Operate elevating work platform	\$266
Safely handle bituminous materials	\$379
Work safely at heights	\$225

NEXT LEVEL TRAINING

CERTIFICATE III

If you are working in the industry, or looking to re-enter the industry, but do not hold a formal qualification, you can turn your experience and skills into a nationally-recognised Certificate III qualification under CSQ's Skills Assessment & Gap Training (SAGT) program.

Funding through this program helps identify the skills you already have and provide any additional (gap) training you need to attain the recognised qualification that aligns with your experience and skills. The tables below list the eligible qualifications. Please note the maximum CSQ subsidy per course per person is \$5,500.

BUILDING
Certificate III in Bricklaying and Blocklaying
Certificate III in Cabinet Making
Certificate III in Carpentry
Certificate III in Concreting
Certificate III in Construction Waterproofing
Certificate III in Demolition
Certificate III in Flooring Technology
Certificate III in Glass and Glazing
Certificate III in Landscape Construction
Certificate III in Painting and Decorating
Certificate III in Rigging
Certificate III in Roof Plumbing
Certificate III in Roof Tiling
Certificate III in Scaffolding
Certificate III in Shopfitting
Certificate III in Solid Plastering
Certificate III in Steelfixing
Certificate III in Stonemasonry
Certificate III in Wall and Ceiling Lining
Certificate III in Wall and Floor Tiling

CIVIL

Certificate III in Civil Construction
Certificate III in Civil Construction Plant Operations
Certificate III in Trenchless Technology

CERTIFICATE IV, DIPLOMA AND ADVANCED DIPLOMA

When you are ready to move into a higher role, the Higher Qualifications Program provides opportunities for you to gain a nationally accredited higher level qualification at a subsidised rate. Choose from Certificate IV, Diploma and Advanced Diplomas:

BUILDING	CSQ contribution
Advanced Diploma of Building and Construction (Management)	\$4,465
Certificate IV in Building and Construction	\$5,670
Certificate IV in Building Project Support	\$3,610
Certificate IV in Electrical - Renewable Energy	\$2,155
Certificate IV in Entrepreneurship and New Business	\$3,193
Certificate IV in Fire Systems Compliance	\$1,800
Certificate IV in Hazardous areas - Electrical	\$2,155
Certificate IV in Project Management Practice	\$2,826
Certificate IV in Work Health and Safety	\$2,700
Diploma of Building and Construction (Building)	\$10,342
Diploma of Building and Construction (Management)	\$5,082
Queensland Builder - Low Rise Site Supervisor	NEW \$2,984

CIVIL	CSQ contribution
Advanced Diploma of Civil Construction	\$5,150
Certificate IV in Civil Construction	\$4,388
Diploma of Civil Construction Management	\$6,750

To find out more, use the course selector on our website.

You'll be able to learn more course information, which Registered Training Organisations offer courses you're interested in and the eligibility requirements. If you need a hand, just get in touch with us - we're here to help.

csq.org.au | 1800 798 488

V3-2022/23

Please note: The CSQ contribution represents the maximum amount CSQ subsidises per course per person. Eligibility requirements apply. Please refer to your RTO for more information. All courses may not be available in all regions. Information current as at 4 November 2022.
