

AMARA BURNS

Hi My name is Amara Burns and I am 13 years old. I live near Childers Queensland. I have recently received the very exciting news that I have gained a place on the 2018 Australian team to travel to IJGA World Stars of Junior Golf to be held in Las Vegas , and then play at the West Coast AAU Junior Olympic Games Golf Championship at Temecula, Southern California. These two events are taking place end of July this year. I am thrilled to have this opportunity to represent Australia and play golf at this very high level.

I am currently a member of the Bargara Junior Golf Club and am an 18 hole player. I started playing golf when I was only 6 years old and was a member of the Isis Golf Club for a number of years until I was ready to make the transition to 18 holes. I have enjoyed competing at all of the various Wide Bay junior tournaments over the years, and have played in a number of other major tournaments in the Central Queensland Area. My most recent goal has been to make the Australian Team, and I have competed in the Australian Junior Aged Division Golf Championships for the last several years for a chance to gain entry to the team.

I love playing golf and have enjoyed meeting many wonderful people, and gradually improving my game. I am excited to have the chance to travel to America and play with some of the best junior golfers from around the world. My position on this Australian team is self funded. I am needing to raise funds to put towards my airfares, accommodation, nomination to the two events and travel costs.

I would very much appreciate any financial assistance that might be available to help me fulfill my dream of competing with the 2018 Australian golf team in America this year.
