To whom it may concern

In conjunction with Louise Laffey from The St Ursula's Old Girls Network and working in direct support of the Drought Angels, we at Bridgestone East Bundaberg, are helping put together a drought relief run out to Jericho, Queensland.

Departing the 14th September, we are delivering hay, stockfeed, fresh produce and grocery hampers, by generous donation of time and transport of local Transport Companies here in Bundy. Over that weekend, we will be greeting 30 local farming families from the Jericho area, who are in desperate need of assistance due to the never ending drought they are experiencing.

We have been absolutely amazed with the generosity from the local people, however, we are still a long way short of what we wish to take on our run to help these families. We are seeking assistance from the local businesses now to complete our wish list, to make the lives of these farmers a little easier over the coming months and let them know that the people of Bundy care about the situation they are facing.

Product donations of any description are greatly appreciated and will be happily received. Financial assistance with monetary donations is highly sought after also, so we can purchase the shortfall of stockfeed of what we need. Along with purchasing some items here in Bundaberg, a large amount of the money will be spent out on the road purchasing along the way to help out the local businesses that are also suffering due to the drought. We will also be purchasing from the local bakeries and butchers to provide fresh bread and meats to the locals.

To Whom It May Concern,

Drought Angels is a Not for Profit Charity. It was formed in January 2014 by Nicki Blackwell & Natasha Johnston, who are both very passionate about Rural Australia and the effects of Australia's worst drought in history. We assist our farmers with Pre-paid visa cards, Local Store Vouchers, Stockfeed and moral support so they know they are not alone.

We rely solely on public and corporate donations as we receive no government funding and do all our own fundraising from raffling to charity auctions. Pre-paid visas are something we give out to our farmers to assist with groceries, fuel etc., we find these work really well as it supports local spending in businesses of drought affected communities. This allows the businesses to remain open.

**This letter Authorises Louise Laffey to collect donated funds and products on behalf of Drought Angels.**

**This Authority expires on the 31/12/2018 with all property and donations to be returned within 30 days.**

**Fundraising & Donations:**
