WHY 'GLOBAL IMMERSION'

There is no travel experience that can compare with a *Global Immersion* encounter!
It is unique, and many features make it so ...

1. Four ingredients define a Global Immersion Adventure. Without these 4 components it cannot be a Global Immersion encounter

'**Mutual Servitude**' means we choose charities and developing communities for whom we can greatly assist. In Nepal, we are currently building a new school for our beloved Khagendra. Their old school was devastated by the 2015 Earthquakes. In Tanzania, our fundraised monies are sponsoring children into higher education and building a Music Hall for residents of the great slum, Kibera, but in return we receive even more! What price can you place on how they teach us 'a love for all humanity' or the profound education and immersion experience they give us. It works both ways. We give to them and they give so much to us!

Then there is '**Extraordinary Adventure**'. There is no mucking around here. It is full on. We are summiting Kilimanjaro – The World's highest Free-Standing mountain or hiking the mighty trail to Everest Base Camp, so that you may discover you have more resilience and capability to do things than you ever imagined.

The 3rd component of any Global Immersion adventure is '**Potent Education**' usually derived from doing things which you are likely to never to do again. Other tours do not offer opportunities like living with the Maasai of Tanzania or serving with Mother Teresa's Missionaries of Charity in Kolkata. These are incredible immersion encounters which will open your eyes to new ways of seeing yourself, the people around you and life itself.

Finally, we '**Create Community**', not just with those we meet in our destination countries, but also with all of your fellow travel participants. We know we are experts in creating very special environments in which connection with others is made easy and through which very special and sometimes life time friendships evolve

2. Sponsorship is available through 'Global Immersion Philanthropy'! 'Gi Philanthropy' attracts donations from Corporate Sponsors, Philanthropists and wins grants from reputable community foundations. Every student under the age of 21yrs (validated by a student card) receives \$1000 off their fee on the condition they at least fund-raise the same amount to support our projects in Nepal and Tanzania. If you are going to Nepal with us, then you receive \$1000 off your fee provided you fundraise to finance Stage 3 of our new school for Khagendra's disabled children in Kathmandu. It is a proud moment, when you actually witness first-hand how your fund-raising effort positively impacts so many lives.

3. You travel with a GLOBAL COMMUNITY. Global Immersion seeks for 25% of participants to come from countries other than Australia ... Christians or Hindus ... Black or White ... Talented young people from across the globe, who join us to serve needy children of Tanzania, India and Nepal. We learn from each other. We work together to add value to developing countries and joyfully we build a Global Community, which harnesses our collective abilities to change the world together.

4. We do not make price an obstacle to your participation. For some, a Global Immersion encounter can be costly. It is not cheap to fly to the other side of the world or to hire a team of Kilimanjaro Guides, who guarantee our safety on a mountain whose altitude can be threatening. Always we will find a payment solution to anyone who is prepared to ring us (0412982444) and share their cash flow or budgetary concerns. In 2018, 16 participants paid off their trip two months AFTER they returned, simply because upon registration they rang us and enquired about different payment options. We are delighted to remove any blockages to your participation.

5. A Global Immersion travel group is called 'A Family' for a reason. We travel in teams of 12-14 participants, who are managed by a 'Family Leader' who in turn is led by the one person ultimately responsible for your adventure ... 'The Tour Leader'. Assistant 'Mentors' from our destination countries are also appointed to each 'Family' to ensure you have constant access to local knowledge. That means 3 highly trained personnel take care of every 12-14 participants. Collectively, our primary objective is to guarantee safety and ensure you have 'the greatest experience of your life'.

EXPLORING KATHMANDU

Kathmandu is a chaotic, fully alive, shopping bonanza and we are beautifully located to take full advantage of all its riches. Our Guest House sits beautifully amidst the teeming life of this glorious city, which offers inexpensive succulent restaurants, trekking shops for additional equipment, and a myriad of stores selling enchanting local music to fresh baked bread ... from a relaxing café latte to a gorgeous, hand-crafted, llama-woollen scarf. Kathmandu will entertain you 7 days per week!

TREK TO EVEREST BASE CAMP

The 13 day trek from Lukla to Everest Base Camp is unforgettable. Where else can you have 5 of the 7 highest mountains in the world, including Everest, supervise your daily progress. It will take us 8 days to get to Base Camp. I am confident you will make it. Only the last 2 days before EBC offer altitude challenges. While not easy, it is very manageable, provided you are the last to arrive every day and embrace our acclimatization days along the way. We stay at very comfortable Sherpa lodges, all of whom offer plenty of warmth at night and safe kitchens with a vast array of local cuisines on offer. Welcome to a 'Walk in Heaven' that will positively impact your life forever.

OUR BEAUTIFUL KHAGENDRA

Located just 40 minutes from our Guest House is Khagendra Vocational School for 322 disabled students ... from little primaries to 21 year old students many of whom started school far too late. It is a simple school with a focus on coaching skills, which will eventually generate business income for their adulthood. Sewing, Crafts, Arts, coupled with mainstream curriculum subjects like Maths and Language are its educational offering. Unfortunately, the support they receive from outside sources is limited. The 2014 Earthquakes also made matters worse deeming many of their classrooms in-operable, hence our commitment to build them a brand new school. Already 2 of 3 stages are complete. You will feel their gratitude in the way they greet you, play with you, and absorb the lessons you give them during your memorable visit.

OTHER MATTERS TO CONSIDER ... TRAVEL INSURANCE .

It is a condition of this trip that you possess comprehensive medical, travel and personal insurance. Most insurers do not cover mountaineering. Our insurer understands that our walks to Kilimanjaro and Everest Base Camp **ARE TREKKING ADVENTURES**. Should any claim arise, you will be covered by the insurance we recommend, which in our opinion, is best suited to these expeditions. While you are more than welcome to purchase your own policy, we strongly recommend our \$348 offer which includes a modest administration fee.

VALID PASSPORT and TRAVEL VISAS.

A valid passport expires 6 months AFTER the day you arrive back in Australia. If you do not have a valid passport, apply NOW through Australia Post for a 10 year passport costing approximately \$282. We obtain entry visas at Kathmandu, Nairobi, and Kilimanjaro International Airports.

HEALTH and VACCINATIONS.

After 20 years and 32 expeditions to either East Africa, Nepal and India **no-one has suffered from any serious illness, if they were immunised. Please base your medical preparations on the advice of a recognised travel doctor like Dr Deb in Brisbane City ...** <http://www.thetraveldoctor.com.au> ... who we recommend. If you drink from bottled water, avoid washed salads and consider a hot well-cooked diet, you considerably dilute chances of 'tummy bugs' and illness. **The first Monday of the school holidays prior to your trip is the best time to see your travel doctor.** This gives you time to recover from any reaction to vaccinations.

FREQUENTLY ASKED QUESTIONS.

WHY IS THE GI DEPOSIT NON-REFUNDABLE, BUT FULLY TRANSFERABLE. At the end of the month in which you make your booking, your entire deposit is sent to our airline and destination suppliers. Airline seats, accommodation and meals are then booked on your behalf. It is the condition of the airline and the local operators that the deposit they receive is non-refundable, but they will transfer it **to the same experience within 13 months of the expedition on which you were originally booked.**

CAN I BOOK MY OWN AIRFARE AND MEET YOU OVER THERE? Yes, you can book your own airfare, but **you must arrive BEFORE the main group arrives.** From Gi, you would then purchase a **'land only fare'**, the price of which we confirm with you upon request.

WHAT IS THE RECOMMENDED SPENDING MONEY AMOUNT? \$700 US cash for Africa covered by \$100 and \$50 USD notes **printed after 2008.** \$800 AUD for Nepal/India is ample. These amounts cover your water purchases, commitment to the TIPS pool (\$160 USD for Africa and \$150 AUD for Nepal), a few meals you might purchase, and hire fees for trekking gear and equipment, but leaves you with plenty to spare for memorabilia and presents. Visa or Mastercards are a handy safety backup.

DAVID SHELDRIK'S ELEPHANT ORPHANAGE

When you visit Nairobi with us, you will have the opportunity to visit the most successful orphan-elephant rescue and rehabilitation program in the world. Born from one family's passion for Kenya and its wilderness, the David Sheldrick Wildlife Trust will introduce you to its family of 'orphan elephants'. You will understand their plight and be enthralled at how Sheldrick's are saving these most magnificent creatures from being poached out of existence. Here is your homework before you even leave Australia. Visit this site and be inspired ... www.sheldrickwildlifetrust.org

MIRROR OF HOPE and KIBERA

Mirror of Hope (MoH) is a community-based not for profit organization dedicated primarily to serving AIDS-affected children in the great Kibera slum of Nairobi, Kenya. In order to help these children build a life, we together with MoH provide them with education and life skills over three unforgettable days. Without our support and the sustainable work of MoH, these vulnerable children would be left to roam the streets begging for food and money and falling foul of other undesirable means to survive. Be prepared for a fun, interactive and profoundly educational experience with the teenage residents of the slum, who will embrace your friendship and your generosity in ways that will leave you speechless. Better bring your dancing shoes too!!

MANDELA GROUP of PRIMARY SCHOOLS and OUR ATHLETIC CARNIVAL

At the foot of Kilimanjaro in the township of Moshi, sits four primary schools, who are excited every day about our annual visits. It is the time of their Athletic and Sports Carnival and the only opportunity when the 4 schools come together as community and as competitors for the valued Rowan Finnie Memorial Trophy. First, we must get to know the students hence our first day as coach and playmates. Secondly, we work with them as a team painting their classrooms from top to bottom, inside and out and then thirdly we join them on the Athletic track as we strive to win the coveted trophy. There is every chance that this day will be as memorable as the standing on the summit of Kilimanjaro, which stands majestically over these glorious schools.

KILIMANJARO

"It is the greatest adventure available to anyone on Planet Earth ... You don't have to be Edmund Hillary ... You do not need mountaineering skills ... you simply need to be able to put one foot after the other ... but in the process, you will discover so much about self you didn't even know!"
Bernie Kelly, Kilimanjaro 11 times.

We hike Marangu or Machame Routes, simply because they offer either hut accommodation and protection from inclement weather throughout our journey or a safer summit to Uhuru Peak. For Global Immersion participants, the ascent of Kilimanjaro is far more than a 'a lifetime adventure'. It is the merging of two communities. We with Bobby's 'wagumus' become one family in pursuit of the summit of Kilimanjaro. Should you not make it, (and remember statistically 40% do not), your experience with our porters, where music, education and friendship reign will make this journey unforgettable. Incredibly, the end of the journey is a celebration for all, as we commemorate not the destination, but the incredible personal journeys, whether the mountain allowed you to grace its peak or not.

"There is no such thing as destination ... there is only journey ... for only journey teaches".

SAFARI to TWO of AFRICA'S BEST.

This 2 day lodge safari is a magnificent way to celebrate your extraordinary time in Tanzania. One park, Ngorongoro Crater is an icon, while Tarangire will welcome you with herds of elephant and a variety of animal surprises that will delight you. As for the crater, there are 9 prides of resident lion that inhabit this glorious ecosystem, where animals hardly migrate given the favorable all year round weather conditions. We cannot promise you every animal, but we will promise you a Safari experience to savour.

HOW SAFE ARE THESE EXPERIENCES ?

This document does not outline ALL of our safety protocols. It is a summary of key strategies, which collectively protect participants from the threat of serious injury or illness and is designed to give family members a thorough explanation as to why participants return home safe, sound, and super excited by their Global Immersion experience.

- It's hard to imagine that we could be so safe in a continent where we hear of so much unrest, but I ask you to replace the African continent with a very small part of Tanzania, a country with a peaceful identity due predominantly to the long reign of its founding Father, Julius Nyerere. Furthermore, drill down to a very small region at the foot of Kilimanjaro ... the waters of which feed the crops of farmers and peasants. This is also Maasai country, where wealth is measured by the number of cows you own! They are people of the land, certainly not political activists. In Global Immersion's 20 years of leading groups to Tanzania, we have never heard of or seen any civil unrest. Political disturbance in this peaceful region is most unlikely.
- **Global Immersion has organised 36 expeditions to Africa, Nepal and Peru over the last 20 years.** Consequently, what can go astray has already been experienced and subsequently accounted for in future trips. Today, Global Immersion knows what every minute feels like. Our vast experience is your greatest safety.
- It also means, Global Immersion has developed some wonderful 'motherly and paternal' relationships with key individuals in these regions. We are often asked, **"How many tour leaders will there be?"**, and **people get a surprise when we say at least ten or more. While we have 1 Tour Leader, 1 Family Leader and 1 Assistant Family Leader for every 12-14 pax leaving Australia, this doesn't include our Tanzanian friends and carers, or Tshering, Gyaljen and Bickram in Nepal, who have supplied these wonderful adventures to us for 20 years.** They treat our participants as if they were their own son or daughter. That is their nature.
- I also refer to **Bibiana, Peggy and Rachel** Principals of Mandela, Azimio and Kaloleni Primary Schools and Raghab, Head Teacher at Khagendra, who supervise all of the activities we have with their students. In fact, Bibiana has just been promoted to Regional Inspector of all the schools in the area. She is a 'king pin' in the district now!! She is one of our Tanzanian mothers !
- Then there is Bobby, our Head Kilimanjaro Guide. **Bob leads 12 groups per year to the summit of Kilimanjaro, and he has been doing this for 15 years. Bob is the BEST and widely acknowledged as the BEST.** He is so good, I have contracted him to be one of our 'Family Leaders' in Nepal! Bobbie or Tshering in Nepal will address the group at least 2 nights before we begin our trekking experience to ensure that everyone has the right gear and equipment for the adventure ahead. If participants need gear, they have plenty of time to hire equipment at ridiculously low prices. It is impossible to enter Kilimanjaro or Everest Base Camp trek without the right gear.
- Bob will provide a team three times larger than our Kilimanjaro group. If there are 20 of us, there are 60 'Wagumus' in 'Team Bob'. ('Wagumu' is a swahili word meaning 'Hard Core Soldier')
- With Altitude Sickness, the quickest remedy is to descend 200 metres quickly. 'Team Bob' and 'Team Tshering' in Nepal have the ability to get a sick participant down within minutes not hours. **No-one is ever left alone on the trails. Bobby and Tshering have both mobile and satellite phones with them at all times. They have direct line to Intensive Care Air Ambulance (ICAA), who can evacuate any climber off Kilimanjaro or the Everest Trail utilising well located helicopter pads.** Car ambulance can actually travel by road to Horombo Hut where we rest on Nights 2, 3 and 5 when trekking the Marangu Route of Kilimanjaro. We have never had to use helicopter rescue on Kilimanjaro, which is testimony to Bobby, his team and our safety strategies.
- In Nepal, Tshering is so good he organised the ascents of Australia's greatest mountain-climber, Michael Groom to the summits of Everest, Lhotse, Nuptse and Kanchenjunga. They are very big operations ... ten times bigger than ours!
- **'Team Bob' (Africa) and 'Team Tshering' (Nepal) carry bottled oxygen with them from start to finish.**
- In Africa, if emergency hospitalisation was necessary, the participant would be transferred to **KILIMANJARO CHRISTIAN MEDICAL CENTRE ... www.kcmc.ac.tz ...** which has 450 beds and English Speaking Doctors. This hospital is modern and because of its location at the foot of Kilimanjaro, specialises in dealing with mountain issues, just as this Travel Medical Centre does in Kathmandu ... **www.ciwec-clinic.com.** This hospital is one of the most reputable travel medicine clinics in the world.
- We personally supervise participant's Diamox intake assuming you were prescribed it. Diamox helps participants acclimatise to the lack of oxygen on the mountains. **Diamox and Acclimatisation day/s offer greater safety and improves everyone's chance of making the summit of Kilimanjaro or Everest Base Camp by 15%.**
- **Passports are always kept under lock and key. We carry around photocopies of passports, not the passport.**
- Participants are continuously encouraged to always **'eat it hot', 'drink it capped' and 'go vegetarian'**, even though our experience of the foods we eat at well selected lodges, hotels and restaurants have never given us any problems.
- Every-one is given clear instructions to **never carry around anymore than \$100 USD or AUD on their person** at any one time.
- The total amount of time we spend in a car or a bus in Africa or Nepal is less than 22 hours over the whole three weeks. We have structured the trip to avoid our worst scenario ... a road accident. We spend more time in the air and on foot than we do on 'wheels'.

There are a lot of strategies in place, more than you have just read, but the greatest safety available to participants and to parents is **Global Immersion's vast experience**, which has already given us the most 'unlikely' of scenarios e.g. Lost Passport, Airline not flying out on date of departure due to airline strike (and we had 104 students booked on that flight!), Altitude Oedema on Kili, etc. These are valuable experiences from which everyone learns. Experience these issues once and you know how to deal with them forever! The greatest safety strategy on offer to any concerned parent or guardian is 36 expeditions ... 20 years ... 1033 participants and our leadership expertise. For further questions please call me on 0412 982 444.

BOOKING TERMS AND CONDITIONS

1. HOW TO CONFIRM YOUR PLACE ON ANY GLOBAL IMMERSION EXPERIENCE ... simply do three things ...

- Read and understand these 'Booking Terms and Conditions' and the preceding 'How Safe are these Experiences' page, **which are conditions of booking. Reading both pages is essential and is assumed if you have forwarded your registration to participate.**
- Given your agreement with these conditions, fill out the attached registration form on the back of this page and return to ... Bernie Kelly, PO BOX 1178, Caloundra, Qld 4551 ... or preferably scan and email to: bernie@globalimmersion.com.au
- Finally, transfer the agreed deposit to **National Australia Bank Account BSB: 083-088 Account: 19-324-6399**

At the end of the month in which you make your booking, your deposit is sent to the airline and our overseas suppliers, who book your accommodation with local operators. It is the condition of the airline and local operators that the deposit is non-refundable. However, they are willing to transfer your deposit to the same experience up to 13 months later.

2. ACCEPTANCE AND AGREEMENT

Global Immersion offers you, the Applicant, a place on your chosen tour **on the strict understanding that you have read and understood the following Booking Conditions and agree to abide by them.** Once accepted, the Applicant becomes a 'Tour Participant'. Each 'Tour Participant' confirms that he/she has answered the questions on the Registration Form accurately, and agrees to promptly inform Bernie Kelly (0412982444), if any of their information changes before the departure date. It is the obligation of each Tour Participant to ensure that he/she is in good health prior to the tour, having regard to the 3rd world destination and adventure challenges of each tour.

3. INSURANCE

It is a condition of this trip that each 'Tour Participant' possesses comprehensive travel insurance before departure. Such insurance must include emergency or casualty evacuation, cover for the Trekking experience and adventure components of each trip, compensation for loss or damage to certain property or possessions, cancellation costs, and public liability at the time of departure until the tour ends back in Australia. You can choose to purchase the Insurance with a \$100 excess provided through Global Immersion, whose research deems such insurance as most suitable for your chosen Global Immersion Adventure, or you can obtain suitable insurance through your own means, in which case you must provide evidence of such insurance to your Tour Leader for their validation prior to departure.

4. ITINERARY, PRICE AND EXTRAS

The price quoted includes, administration, leadership of the tour, airfares, accommodation, the greater majority (over 80%) of meals and all internal travel arrangements, including bus transfers and flights from moment tour starts at departure airport and ends at designated arrival airport. However, each Tour Participant is responsible for arrangement and payment of his/her health and medical protection, passport, and visas where required. Each Tour Participant is responsible for obtaining and bringing along the recommended spending monies. Each Tour Participant is responsible for providing his/her own prescribed medical requirements, personal equipment and clothing as advised in the 'Information Kit' and by any supplementary communications or instructions emailed, posted or spoken to 'Tour Participants'. You will donate up to \$160 USD or the equivalent in AUD to the 'Tips Pool', which will be audited under the guidance of tour leadership to honor 'quality service' from mountain guides, porters, chefs, safari personnel, drivers, educational escorts and hotel staff. **Your Tips pool donation has already been considered in our recommended spending money amount.** Any additional unforeseen charges not covered by the Insurance Policy are the responsibility of the Participant. Global Immersion endeavors to maintain its advertised price and agenda but reserves the right to shift the agenda and the advertised price at any time prior to departure.

5. CANCELLATION

Each Tour Member acknowledges that his/ her insurance covers cancellation costs in most but not all circumstances. Your 1st deposit of \$995 is not refundable but is fully transferrable to the same expedition managed by Global Immersion within the next 13 months.

6. FLIGHT ARRANGEMENTS

Global Immersion makes all decisions in the planning process of the tours. This includes, without limitation, the right to choose the flight operator, departure date, and arrival port.

7. INDEMNITY

Each 'Tour Participant' and parent or guardian acknowledges that the enjoyment and excitement of the tour is derived in part by travel and activity involving risks beyond the safety of life at home. **Each Tour Participant and parent or guardian ACCEPTS ALL THE INHERENT RISKS of the tour and all activities associated or ancillary thereto.** By signing the registration form, the Applicant or when the Applicant is under the age of 18 years, his/her parent or legal guardian agrees to be bound by the conditions set out in this agreement and the Information Kit. Registrations from Applicants under the age of 18 years will only be accepted if the declaration is signed by both the Applicant and his/her parent or legal guardian. Each 'Tour Participant' (and where the 'Tour Participant' is under the age of 18 years) and the parent or legal guardian of the 'Tour Participant' will at all times indemnify and keep indemnified tour and 'Family' leadership and management against all liabilities incurred. Except to the extent that the Trade Practices Act and the Fair Trading Act imply non-excludable rights into this contract, the Tour Participant and his/her parents or guardian, if applicable, waives any and all claims, releases from all liability and agrees not to take legal action he/she may have now or in the future against tour leadership and management and/or Global Immersion employees.

8. PROPER LAW

This Agreement shall be governed and construed in accordance with the laws in force in each Australian state for the time being and the parties hereby submit to the exclusive jurisdiction of the courts of that State.
