'ISO' Cross Country Challenge

Results

Thanks to all students who submitted times for the 'ISO' Cross Country Challenge and a special mention to their parents and staff at their schools who assisted them in distributing information, recording and submitting times.

It has been an outstanding success with 212 nominations received across the 10 -19yr age levels, Multi Class categories, School Staff and even a 2km nomination from the 7yr old brother of the Pailthorpe boys from Monto.

We have received some very positive feedback from parents for this initiative and some great publicity for school sport through 7 Local News and the Fraser Coast Chronicle.

Due to concerns with information privacy the results below will only show the First Name, Gender, Age Group, School and Time of students. Please note also that fastest school aggregate times are skewed by age/distance/number of nominations. Some students returned nominations without a time – these are indicated with a NT.
