---

Mr. Jack Dempsey  
Hon. Mayor of Bundaberg  
Bundaberg Regional Council  
Bundaberg.

31<sup>st</sup> May 2022.

Dear Sir,

May I extend to you Sir on behalf of Apifo'ou College and the people of Matahau, our sincere gratitude for the most generous support from the people of Bundaberg. Your acts of charity came in during the most vulnerable period in the lives of our people. This only makes your kind gestures profoundly touching to everyone.

The first wave of your donations was distributed to all the households in the village of Matahau, where the Kaufusi family hails from. You may have seen the live coverage of the event. The chief of the village was present, and so were the Priests, Pastors, Town Officers, and every representative from each family.

The second wave of your charitable donations was distributed during the second week of May. This was the perfect gift to all the families just prior to Mother's Day!

Antonio may have explained to you that the donated funds were split in half with Apifo'ou College. This fund will go into our Solar Panels Project. We've decided to invest into solar powered lights since each time we have a natural disaster the electrical power is damaged and it would take weeks to repair them.

Due to the prolonged lockdown the project is a bit slow. However, I'll keep you posted as we progress.

Once again I echo our deep sense of gratitude, to you Sir, the Principal of Shalom College, Mr. Dan McMahon, the Regional Council, and all the people of Bundaberg.

Yours Sincerely,

Fr. Ekuasi Manu sm  
Principal
